

Dear brethren,

May the Lord grant your prayers and the desires of your heart according to his will. Greetings from Panama!

This report is late because the diploma took a long time to arrive. I want it to be included in this last report. So, here it is.

Thank you for making this achievement possible. It would have not been possible without your love, support, and encouragement.

May God bless you and keep you.

In Him,

Pablo Horna
